

# Fire Prevention Canada

Working with the private and public sectors to achieve  
fire safety through education

## Fire Prevention Canada Partners With Last Logos

Fire Prevention Canada (Fiprecan) is proud and excited to announce its partnership with Last Logos' Prevention Connection.

Fire prevention through education is Fire Prevention Canada's primary goal, and we are always on the lookout for premier sources of fire prevention material. For example, we have been privileged on numerous occasions to use material supplied by the Alberta Fire Commissioner's Office and the New Brunswick Fire Marshal's office to augment our fire prevention programs.

To better serve you, Fire Prevention Canada has taken the decision to partner with Last Logos' Prevention Connection. The material available from *Last Logos Prevention Connection Fire and Life Safety* is an excellent supplement to the material available on our web site. While Fire Prevention Canada's team of fire safety professionals work to keep the messaging clear, current and consistent, partners such as Last Logos work to bring these life saving messages to communities.

Joining forces and creating partnerships opens doors to opportunities with corporate sponsors thus enabling more effective distribution of materials and further development of public education programs.

Tracy Last, of Last Logos Promotional Inc, has been in the promotional product business since 1990. Tracy joined her father's promotional company who has been the Official Canadian Distributor of the Smokey Bear Wildfire Prevention Campaign since the 1970's. Last Logos is a Promotional Product Professional Corporation and member of ASI representing hundreds of award winning suppliers from across North America.
